

KDSR-M

K Series

Range of QPSK digital receivers for the reception of free-to-air programmes transmitted by satellite.

The full-band vestigial modulator allows the signal to be modulated over the entire from 47 to 862 MHz band, enabling adjacent channels to be distributed. They are ideal for installation in hotels and apartment blocks where it is necessary to distribute the signal to a large number of sockets.

KDSR-M		
Code		270622
Connectors		F female
Power supply voltage	V	12
Operating temperature	°C	-10 to +45
Dimensions and packaging		
Pieces		1
EAN code		8016978075911
Product dimensions	mm	155 x 40 x 220
