

TAPS816

Taps and splitters

8-output "top-down" horizontal tap with 16dB attenuation and F connector for TV and Satellite band (5-2400MHz).

Technical Chars

- The elegant and compact design allows installation in any junction box.
- The **die-cast zinc** products in this series ensure high performance, with very low insertion losses even at SAT frequencies and high isolation between outputs.
- Prepared for earth connection and wall mounting.
- **DC is allowed to pass between the through output and input.**
