

UX-QD LTE

LNB

Quad LNB with 4 universal outputs and LTE shielding, Sky Italy approved

Technical Chars

- The LNBs of the UX series guarantee excellent signal reception and are suitable for all requirements: from simple single installations to complex multi-user and centralised systems.
- Maximum reception quality for all high-definition programmes.
- An **LTE signal blocking filter** has been incorporated to prevent interference with signals intended for mobile telephony; thanks to the integrated LTE filter, the LNB is immune to interference from LTE transmissions in the satellite band.
- **Low noise figure** and high reliability.
- Small dimensions.
- Low consumption.
- Some models are approved by Sky.

UX-QD LTE		
Code		287339
Input frequency	MHz	10.7-11.7 / 11.7-12.75
Output frequency	MHz	950 - 2150
Gain	dB	55
Power supply voltage	V	11.5-19
Absorption	mA	150 @12V
LTE protection	dB	-70
Dimensions and packaging		
Pieces		1
EAN code		8016978096350
Packaging dimensions	mm	120 x 90 x 70
Packaging weight	Kg	0.20
