

UX-SN LTE

LNB

Single LNB with 1 universal output and LTE shielding.

Technical Chars

- The LNBs of the **UX series** guarantee excellent signal reception and are suitable for all requirements: from simple single installations to complex multi-user and centralised systems.
- Maximum reception quality for all high-definition programmes.
- An **LTE signal blocking filter** has been incorporated to prevent interference with signals intended for mobile telephony; thanks to the integrated LTE filter, the LNB is immune to interference from LTE transmissions in the satellite band.
- **Low noise figure** and high reliability.
- Small dimensions.
- Low consumption.

UX-SN LTE		
Code		287816
Input frequency	MHz	10.7-11.7 / 11.7-12.75
Output frequency	MHz	950 - 2150
Gain	dB	60
Power supply voltage	V	10.5-21
Absorption	mA	110 @12V
LTE protection	dB	-60
Dimensions and packaging		
Pieces		1
EAN code		8016978109715
Packaging dimensions	mm	64 x 65 x 95
Packaging weight	kg	0.07
