

## M4IBUS

### Expansion modules

Expansion cards with 4 inputs (M4IBUS) or 8 inputs (M8IBUS) that allows you to increase the number of zones in the wired control panels of the Defender system. Thanks to the RS485 BUS connection, it is possible to remote these modules within the system or to create concentrator points without having the need to bring all zones into the central

### Technical Chars

- The module is equipped with electronics for handling fast alarms (vibration, wire...)
- Removable terminal block
- Clamp for tamper protection

M4IBUS		
Code		910308
Description		Expansion cards with 4 inputs (M4IBUS) or 8 inputs (M8IBUS) that allows you to increase the number of zones in the wired control panels of the Defender system. Thanks to the RS485 BUS connection, it is possible to remote these modules within the system or to create concentrator points without having the need to bring all zones into the central
Dimensions and packaging		
Pieces		1
EAN code		8016978083787
Packaging dimensions	mm	97 x 78 x 27
Product dimensions	mm	80 x 55 x 25
Packaging weight	kg	0.073
Weight	kg	0.04
