

SEL80-LED

Outdoor sirens

Self-powered outdoor siren with LED flashing light. Allows a choice of two timings, and through flashing of the flash allows a visual signal to the outside when turning on and another when turning off the system. Tropicalization of the protective resin circuit protects it from the weather and increases resistance to shock and vibration. Reinforced polycarbonate enclosure. Inner cover made of 8/10 galvanized steel anti-puncture and anti-foam. It is equipped with tamper against opening and removal from the wall.

Technical Chars

- Reinforced polycarbonate outer container
- Galvanized steel intermediate cover mm8/10
- 12V-2Ah allocable battery
- Acoustic intensity 116 dB at 1 meter
- Optical beacon with LED flashing light
- Protection against cover opening and tearing from the wall
- Equipped with bubble level for easy wall mounting
- Power circuit protected against reverse polarity
- Selectable sounds
- Flash signal with system on
- Tropicalized electronic circuit

SEL80-LED		
Code		910328
Horn frequency (lower)	MHz	1220
Horn frequency (upper)	MHz	1600
Light	Hz	1
Acoustic power level	dB	116
Alarm duration	min	4 - 8
Acoustic power	dB	116
Specifications		
Battery	V/Ah	12V - 2.3AH
Max search current	mA	0.5
Chassis		ABS
Operating temperature	°C	-25 to +65

Dimensions and packaging

Pieces		1
EAN code		8016978089970
Packaging dimensions	mm	330 x 240 x 105
Product dimensions	mm	290 x 218 x 95
Packaging weight	kg	2.25
Weight	kg	2.4
