

## ESP-CT-GSM

### Dialers

GSM module that allows the communication of the CT-BUS dialer to be extended to the GSM network, thus making it a dialer operating on both PSTN telephone line and GSM network. Allows management of the system and related sending of alarms via SMS. Possibility of installation directly in the Central Unit or remotely, via optional MOD-BOX container N.B. In the DEFENDER HYBRID central unit the installation must be made outside the central unit

### Technical Chars

- Integrated aerial
- Monitoring and reporting of GSM signal level present
- Credit check and SIM expiry
- Management of digital alarms on GSM line
- 8 telephone numbers for sending voice and SMS messages
- Remote management via SMS: activation/deactivation of system and outputs
- Extends the 32 channels of the CT-BUS to 40

ESP-CT-GSM		
Code		910363
Battery	V/Ah	N/A
Operating temperature	°C	0 to +40
Dimensions and packaging		
Pieces		1
EAN code		8016978097944
Packaging dimensions	mm	160 x 116 x 40
Product dimensions	mm	65 x 22 x 70
Packaging weight	kg	0.08
Weight	kg	0.84
