

SHIELD C/WL

Outdoor wireless detectors

Outdoor two-way radio curtain sensor via radio, configurable to single or double 90° curtain, triple technology, 2 IR+MW with active IR anti-masking function, offering a very high degree of protection, both for residential and commercial applications, thanks also to compliance with EN 50131-2-4 Grade 3. The detector integrates WIN that allows the detector to be powered from an external power source. This solution keeps the microwave always on and excludes inhibition for 3 minutes after each detection, which is useful in high-risk applications. It also allows the heater to be connected and powered.

SHIELD C/WL		
Code		910380
Length	m	20 (10 side)
Scope width	°	5
Installation height	m	1-1.2
Sensitivity adjustment		Micrometric adjustment of microwave and lower infrared
Specifications		
Battery	V/Ah	3.6/2.4 Li-SOCL2
battery life		2
Communication distance free air	m	300
Supervising trasmission	min	5/10/20/60
Protection		IP44
Operating temperature	°C	-25 to +55
Dimensions and packaging		
Pieces		1
EAN code		8016978102563
Packaging dimensions	mm	196 x 100 x 107
Product dimensions	mm	81 x 98 x 189
Packaging weight	kg	0.6
Weight	kg	0.82
